

# NAVJOT SINGH

## MERN STACK DEVELOPER

Dedicated and innovative Web Developer with a passion for crafting seamless and user-centric digital experiences. Armed with a strong foundation in front-end and back-end technologies, I bring a proven track record of translating creative concepts into functional and visually appealing websites. Proficient in HTML, CSS, JavaScript, MONGO DB and various frameworks(NODE.JS AND EXPRESS.JS), I thrive in dynamic environments, collaborating with cross-functional teams to deliver high-quality, responsive web solutions. Adept at problem-solving and staying abreast of industry trends, I am committed to creating efficient and engaging online platforms that elevate user satisfaction and meet business objectives.

CCS TIET

### Job position here

Dynamic and results-driven Ethical Hacker with a relentless commitment to fortifying digital landscapes against cyber threats. Possessing extensive expertise in penetration testing, vulnerability assessment, and network security, I specialize in proactively identifying and mitigating potential security risks. Proficient in various hacking techniques and security protocols, I excel in conducting thorough security audits to ensure the confidentiality, integrity, and availability of sensitive information. Adept at staying ahead of the evolving cybersecurity landscape, I am dedicated to implementing robust defense strategies to safeguard organizations from malicious actors. With a strong ethical foundation, I am poised to contribute my skills and knowledge to enhance the resilience of digital ecosystems.

○ 2023-2024
